As a reminder, at their February meeting, the City Council updated the City's Utility Billing Policy. Starting in March 2022, the due date for utility bills changed from the 28th to the 25th. Delinquent accounts will be sent a disconnect notice once their past due balance reaches \$250 or more and is not paid on or before the due date.

The new due date was implemented through the end of May. This allowed residents time to get used to the change and update any auto-payments they have set up.

The City's complete Utility Billing Policy can be found on the City's website at: www.ci.kimball.mn.us Select "City Policies" under the "Government" tab. If you do not have internet access and would like a copy, you may request one from City Hall.
