City of Kimball

July 2014

The City's 2013 Consumer Confidence Report is online

Annually the City is required to issue results of monitoring done on its drinking water. The purpose of this report is to advance consumers' understanding of drinking water and heighten awareness of the need to protect precious water resources.

The City of Kimball provides drinking water to its residents from a groundwater source: two wells ranging from 48 to 59 feet deep that draw water from the Quaternary Water Table aquifer. The water provided to customers may meet drinking water standards, but the Minnesota Department of Health has also made a determination as to how vulnerable the source of water may be to future contamination incidents. If you wish to obtain the entire source water assessment regarding your drinking water, please call 651-201-4700 or 1-800-818-9318 during normal business hours. Also, you can view it on line at www.health.state.mn.us/divs/eh/water/swp/swa.

No contaminants were detected at levels that violated federal drinking water standards. However, some contaminants were detected in trace amounts that were below legal limits. Some contaminants are sampled less frequently than once a year; as a result, not all contaminants were sampled for in 2012. If any of these contaminants were detected the last time they were sampled for, they are included in the table along with the date that the detection occurred.

You may view this entire report at <http://www.ci.kimball.mn.us/consumerconfidencereport>

Have a safe
and
Happy 4th of July!

Filing Period for City Council

There are 2 seats that will be on the ballot for the November 4, 2014 election. Filing opens on July 29 and closes on August 12 at 5:00pm. Affidavits of Candidacy are available at City Hall; the filing fee is \$2.00. Filings must be made with the City Clerk within the allotted time period.

The primary election will be held on August 12; voting hours are 7:00am - 8:00pm at City Hall. If you are not registered to vote or need to apply for an absentee ballot, you can now take care of that online at www.sos.state.mn.us.

A Reminder on “Public Nuisances”

With the summer months upon us and people out and about, complaints on public nuisance problems become a bigger concern for residents and their neighborhood. In the next few weeks the City will be conducting a “Spring Clean-up” sweep throughout the City to identify violators of public nuisances. Letters will be sent to property owners who are in violation, notifying them of the violation and asking them to correct the situation. City Ordinance 400 deals with nuisances. Residents and business owners should know these ordinances to avoid public nuisance complaints. Common nuisance complaints received by the City are: junk in yards including but not limited to household appliances, automobile bodies, trash and debris situated in a manner as to constitute a fire, health or safety hazard; garbage cans left on a sidewalk for long than 24 hours after pick-up day; noxious weeds such as Canadian thistle; grass longer than 8”; placing and/or throwing glass, nails or other items which may injure any person, animal or vehicle passing over the item; inoperable and/or unlicensed motor vehicles; animal feces that owners do not pick up in the public right-of-way and any dog that repeatedly and habitually barks, howls, bays or whines. Residents should also be aware of the fact that during construction or repair of property, building materials should be stacked or stored in a neat and orderly fashion and in a manner so as to avoid presenting any danger to the general public. The City is authorized to abate the nuisance if not remedied by the deadline given to a property owner. All costs of abatement are the responsibility of the property owner.
