June Recycling Days:

6th & 20th

City Hall will be closed:

June 19th

July 3rd & July 4th

Clean-up day for 2023 is September 23rd.

It will still take place from 8am—11am and
be held in the parking lot area just to the

June 2023

The City's Consumer Confidence Report is Online

Annually the City is required to issue results of monitoring done on its drinking water. The purpose of this report is to advance consumers understanding of drinking water and heighten awareness of the need to protect precious water resources.

Your drinking water comes from a groundwater source: two wells ranging from 48 to 59 feet deep, that draw water from the Quaternary Water Table aquifer.

Kimball works hard to provide you with safe and reliable drinking water that meets federal and state water quality requirements. The purpose of this report is to provide you with information on your drinking water and how to protect our precious water resources.

Contact Allison Hansen, Deputy Clerk at (320) 398-2725 or allison.hansen@ci.kimball.mn.us if you have questions about Kimball's drinking water. You can also ask for information about how you can take part in decisions that may affect water quality.

The U.S. Environmental Protection Agency sets safe drinking water standards. These standards limit the amounts of specific contaminants allowed in drinking water. This ensures that tap water is safe to drink for most people. The U.S. Food and Drug Administration regulates the amount of certain contaminants in bottled water. Bottled water must provide the same public health protection as public tap water.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

This report contains our monitoring results from January 1 to December 31, 2022.

We work with the Minnesota Department of Health to test drinking water for more than 100 contaminants. It is not unusual to detect contaminants in small amounts. No water supply is ever completely free of contaminants. Drinking water standards protect Minnesotans from substances that may be harmful to their health.

We sample for some contaminants less than once a year because their levels in water are not expected to change from year to year. If we found any of these contaminants the last time we sampled for them, we included them in the tables below with the detection date.

We may have done additional monitoring for contaminants that are not included in the Safe Drinking Water Act. To request a copy of these results, call the Minnesota Department of Health at 651-201-4700 between 8:00 a.m. and 4:30 p.m., Monday through Friday.

Some contaminants are monitored regularly throughout the year, and rolling (or moving) annual averages are used to manage compliance. Because of this averaging, there are times where the Range of Detected Test Results for the calendar year is lower than the Highest Average or Highest Single Test Result, because it occurred in the previous calendar year.

You may view this entire report at <http://www.ci.kimball.mn.us/consumerconfidencereport>

Print copies of the report can also be requested by contacting City Hall.

PAY ONLINE

We've made it SAFE & EASY to pay online!

⇒ Make a one-time payment

OR

⇒ Create an account for future convenience

⇒ Click on the payment link

⇒ Go to www.ci.kimball.mn.us

⇒ Click "Pay your Bill Online"

⇒ Click on "Register Now" if you do not already have an account or SIGN IN

⇒ Enter your last name & customer ID and click "search"

⇒ Click "Register and make a payment" from the results that populate below.

Don't have an account?

Create an account

REGISTER NOW

By registering for our payment service, you can:

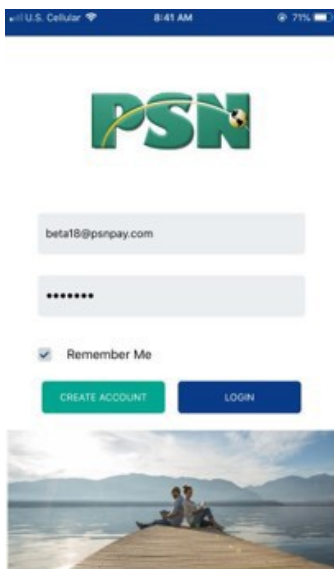

GO PAPERLESS!

Did you know you have the option for paperless billing?
It's easy to sign up!

We have a MOBILE APP

- ⇒ **Step 1:** On your first visit, click on "Register Now" on the right. On future visits, you can log in with your credentials with the fields to the left.
- ⇒ **Step 2:** Enter the business name, city, and state and click "Search" to locate the correct account. Follow the prompts to register for the account.
- ⇒ **Step 3:** Once registered click on "Make Payment" from the home screen to begin your payment process.
- ⇒ **Step 4:** Follow the prompts until you reach the "Payment Approved" screen. Congrats! You've now made your payment using the PSN Payments mobile app.
